Athletes Personal Ski Jumping Equipment Handling Policy, Season 2015-16.

Equipment security and ownership.

1. Each athlete that purchases his/ her own equipment takes personal responsibility for security of this equipment. Lockable units may be established in the change rooms upon agreement with the coach in order to keep the equipment secure.
2. All own equipment shall be marked with clear initial and surname in permanent marker. The markings must be refreshed at least twice a year.
3. Athletes may decide to sell selected own equipment to the Training Centre organization at some point along the life of equipment. They must keep the original receipt, its photocopy, photo or electronic version. If no receipt is available, lowest market price will be taken as basis. A minimum two-years usage will be assumed. If no purchase receipt is available the scale below shows the cost calculation process, based on yearly amortization, to the 3 (three) years maximum. After year 4, equipment is considered to have no selling value and could be donated to the TC organizations.

Options to discontinue use of equipment.

Athletes may decide to sell their own equipment. Altius NSC, ASJNC may choose to purchase this equipment at the following depreciation rate:

- 25% of cost depreciation per any full year since the date of purchase for **ski jumping boots and skis**. Any period of use over 6 months after the first year will be considered equal to a full year.
- Suits, and goggles are not to be sold within the Training Centre setting but may be donated to the TC Organizations.
- Helmets should never be used second hand as their origin can not be confirmed making them a potential liability issue.

Note 1. Skis and boots sold to the club must be in good/safe condition as determined by a coach.

Note 2. Athletes with personal sponsorships should consider forwarding proceed for sold equipment to their respective NSO.
