## 1. General Information

1. This Internal Nomination Procedure (INP) outlines the qualification process and criteria that will be used by Ski Jumping Canada (SJC) to nominate athletes and staff to the Canadian Olympic Committee (COC) for selection to the 2026 Winter Olympic Games (OWG) Team (the “Team”) to represent Canada in Ski Jumping.
2. The HPC, as per the Ski Jumping Canada [NT Selection, Nomination and Announcement policy](#), is responsible for developing, and approving the selection criteria, process and procedures to determine the Team that will be nominated to the COC for selection to the OWG.
3. The nomination process has two objectives: 1) to prioritise selection of athletes who have demonstrated the potential for medal performances at the Games in a clear and transparent manner using international benchmarks for performance, and 2) provide Olympic Games experience for athletes showing potential as 2030 Olympic medallists.
4. Team size will be based on available quota spots as determined by the International Ski and Snowboard Federation (FIS) qualification system. However, Ski Jumping Canada may, based on the selection criteria outlined in this document, elect to send fewer athletes than allocated if not enough athletes have met Ski Jumping Canada requirements as outlined in this INP.
5. Nomination is the process of Ski Jumping Canada’s High-Performance Committee (HPC) submitting its final team names, after approval as outlined in Section 2.4 below to the COC for selection to the Team.
6. Only once all selection events have been completed and Ski Jumping Canada has reviewed all Section 5 and Section 6 applicants, will a final team nomination announcement be made.
7. Selection approval by the COC is the final confirmation of the athlete and/or staff’s position on the Team subject to their compliance with Sections 4 and 7. Nomination by Ski Jumping Canada does NOT guarantee selection. Selection is subject to COC approval AND the athlete’s satisfaction of all FIS, Ski Jumping Canada and COC eligibility requirements<sup>1</sup>.

---

<sup>1</sup> The hyperlinked version of the FIS eligibility requirements is the version that is in force as of the date of publication of this INP. In the event that FIS modifies its eligibility requirements, Ski Jumping Canada

8. The OWG Team announcement will be announced in conjunction with the COC.

## 2. Decision Making Authority

1. The HPC is composed of the following: the HPC Chair, one male athlete representative, one female athlete representative, a Provincial chair, a coach representative, an independent board member, and a high performance consultant.
2. The HPC, in consultation with Ski Jumping Canada's Head Coach and relevant committee expert, has the final decision-making authority over the nomination of the athletes and staff to the Team pursuant to the selection criteria outlined in this INP. The Chair of Ski Jumping Canada will confirm that the final nomination of athletes and staff to the Team adheres to the selection criteria in this INP and that it was made in an objective and impartial manner.
3. If Ski Jumping Canada hires a High-Performance Director, or equivalent position, prior to the end of the 2024-2025 competition season, they shall have final decision-making authority under this INP if so decided by the Ski Jumping Chair.
4. Final decision-making authority will reside with the Team Leader onsite and during the competition period at the OWG.

## 3. International Federation (IF) Eligibility and Qualification Criteria

1. FIS determines the [International Federation Olympic Qualification System](#), which is approved by the International Olympic Committee (IOC). OWG

---

is bound by these modifications, and will update the hyperlink as soon as reasonably possible and announce any modifications on the Ski Jumping Canada website. However, if due to time constraints or other circumstances that prevent Ski Jumping Canada from updating the hyperlink in a timely manner, this is not possible before a nomination decision needs to be made, the most recent version of the FIS eligibility requirements shall be considered applicable for the purposes of this INP.

national participation quotas will be based on the FIS Olympic Qualification System and will apply to Ski Jumping Canada's Team selection.

2. The FIS OWG events, quotas, and athlete eligibility requirements can be [found here](#).<sup>3</sup> The FIS qualification system will prevail in the case of conflict with this INP.

#### 4. Athlete Eligibility Requirements

1. The eligibility requirements listed below must be met before January 18, 2026.

##### Canadian Olympic Committee and Ski Jumping Canada Athlete Eligibility

To be eligible for nomination to the COC for Team selection, an athlete must:

- a. Be a Canadian citizen as per Rule 41 of the Olympic Charter;
- b. Have a valid Canadian Passport that does not expire on or before August 22, 2026;
- c. Comply with all relevant FIS, COC and IOC requirements for eligibility;<sup>2</sup>
- d. Sign and submit the Ski Jumping Canada Athlete Agreement;
- e. Sign the Abuse-Free Sport Participant Consent Form;
- f. Sign, submit and comply with the COC Athlete Agreement and organising committee (OCOG) Conditions of Participation Form and any other COC requirements prior to January 17th, 2026. Where an athlete is under the age of 18 years, their parent or legal guardian must also sign these agreements;
- g. Be a member in good standing of Ski Jumping Canada;
- h. Have paid all outstanding dues to Ski Jumping Canada prior to January 11th, 2026.

##### Doping Requirements

- a. Be available for sample collection and have provided accurate and up-to-date whereabouts information as directed by FIS and/or CCES pursuant to the FIS Anti-Doping Rules or the Canadian Anti-Doping Program (CADP), as applicable.

---

<sup>2</sup> Please see the [Qualification System for XXV Olympic Winter Games, Milano 2026 for all FIS eligibility requirements](#).

- b. The athlete must not be serving a period of ineligibility or a provisional suspension at the time of nomination for or during the OWG.

#### Alternate Athlete Requirements

- a. Alternate athletes selected must also comply with all eligibility requirements in this INP and must ensure that all administrative and financial obligations are fulfilled within 24 hours (or any other period determined by Ski Jumping Canada and/or the COC) of notification of their pending Team nomination.

## 5. Selection Criteria

### Period of Qualification

1. The qualification period (the “Qualification Period”) for the 2026 Milano OWG is from July 1, 2024 to January 18, 2026.
2. Qualifying competitions will include all FIS Ski Jumping World Cup, FIS Ski Jumping Summer Grand Prix, and FIS (Inter-)Continental Cup events held during the Qualification Period or any other qualifying competitions that may otherwise be identified by the FIS.

### Process

3. Nominations to the COC for selection to the Team will be conducted in accordance with the priorities outlined below.
4. **IMPORTANT:** If nominations for male and/or female quota spots and alternates are exhausted in any given priority step, or if Ski Jumping Canada elects to send fewer athletes to the OWG because it considers that the requirements in this INP have not been satisfied, nominations will be considered complete and the subsequent priority step(s) will not be applied.
5. Positions on the Team will be filled, in alignment with Section 1.4, including alternates, in accordance with the criteria below for both male and female athletes and in the priority order described. Where an application pursuant to Section 6 is accepted by the HPC, nominations will be made in the following priority order:

*Table 1 – Priority Nominations*

Priority	Criteria
Priority 1	Athletes meeting the Priority 1
Priority 2 Injury, Illness, Exceptional Circumstances	Athletes meeting the Priority 2 Injury, Illness, Exceptional Circumstances
Priority 3	Athletes meeting the Priority 3
Priority 4	Athletes meeting the Priority 4

## Nomination Criteria

### 6. Priority 1: World Cup or Grand Prix Podium Performance

If an athlete obtains a podium position in an individual FIS Ski Jumping World Cup or FIS Ski Jumping Summer Grand Prix event during the Qualification Period, they will be nominated to the Team, subject to the number of available quotas. Should there be more athletes qualifying through Priority 1, than quota spots available, athletes will be ranked using the Olympic Quota Allocation List ranking.

### 7. Priority 2: Curtailment of Health, Injury or Illness (please see the criteria and process outlined in Section 6).

### 8. Priority 3: Ranking on Olympic Quota Allocation List

FIS will establish an Olympic Quota Allocation List based on results achieved during the Qualification Period.

- a. The highest ranking athlete on the Olympic Quota Allocation List for their gender will receive the first available quota that has not already been allocated pursuant to Priority 1 or 2, followed by the next highest ranked athlete, until all available quota spots are filled;
- b. If there is a tie between two athletes in the Olympic Quota Allocation List placing, the tie will be broken in favour of the athlete that obtained the highest individual FIS Ski Jumping World Cup result in the Qualifying Period. If a tie persists, the next highest individual FIS Ski Jumping World Cup result will be used, etc.

### 9. Priority 4: Ranking on (Inter-)Continental Cup Olympic List

If quotas remain available after the steps in Priority 3 have been exhausted, the (Inter-)Continental Cup Standings from the two seasons that comprise the Qualification Period will be used to establish an (Inter-)Continental Cup Olympic List.

- a. The highest ranking athlete on the (Inter-)Continental Cup Olympic List for their gender will receive the first available spot that has not

already been allocated pursuant to Priorities 1-3, followed by the next highest ranked athlete, until all available quota spots are filled.

- b. If there is a tie between two athletes in the (Inter-) Continental Cup Olympic List placing, the tie will be broken in favour of the athlete that obtained the highest individual result in a FIS Ski Jumping World Cup during the Qualifying Period.
  - i. If either athlete has not achieved an individual result in a FIS Ski Jumping World Cup during the Qualifying Period, the athlete that obtained the highest individual result in an (Inter-) Continental Cup during the Qualifying Period will be used to break the tie.

#### 10. Nomination Mixed Team Event

- a. Only athletes who have been nominated and selected to the Team pursuant to Priorities 1 to 4 are eligible for selection to the mixed team event.
- b. The top ranked male and female athlete in the Normal Hill Individual event at the OWG will be selected to participate in the mixed team event.
- c. The remaining team male and female members will be selected at the Head Coach's discretion in consultation with the Team coaching staff.

#### 11. Nomination Men's Super Team event

- a. Only athletes who have been nominated and selected to the Team pursuant to Priorities 1 to 4 are eligible for selection to the Men's Super Team Event
- b. The top ranked male athlete in the Large Hill Individual event at the OWG will be automatically selected to participate in the Men's Super Team Event.
- c. The remaining team male members will be selected at the Head Coach's discretion in consultation with the Team coaching staff.

## 12. Alternate Athletes

- a. One alternate athlete per gender may be nominated to the COC as an alternate for a selected athlete who is unable to compete at the OWG for any reason.
- b. Alternate athletes will be next in line for selection for their gender as per the qualification criteria in priority order as outlined in Section 5.
- c. Alternates will not travel with the Team or be considered a member of the Team unless they are officially named to the Team.
- d. The participation of alternate athletes at the OWG after January 26, 2026 are subject to the IOC Late Athlete Replacement Policy, approval of the COC's Team Selection Committee, and compliance with any other requirements set out in this INP.

## 6. Curtailment of Health, Injury or Illness

1. If an injury or illness prevents an athlete from competing in any qualification/nomination competitions during the Qualification Period, they may make a request to the HPC to be considered for nomination to the Team if they have achieved a Top 10 result at a World Championships individual event, FIS Ski Jumping World Cup individual event, FIS Summer Grand Prix individual event within the 2024-2025, 2025-26 competitive season.

Where more than one athlete seeks a nomination to the Team under Priority 2, nominations will be prioritized as follows:

- Athletes who have achieved a podium result at any of the above-mentioned events;
- Athletes who have achieved a Top 10 result at any of the above-mentioned events.

### 2. Process and criteria for Priority 2 nomination

Athletes seeking nomination to the Team under Priority 2 must submit a written request to the HPC within seven (7) days of being diagnosed with an injury or illness.

- a. The athlete's request must include the following:
  - i. A medical certificate completed by a licensed, qualified, and relevant medical health practitioner indicating the date and nature of the athlete's injury or illness with the prescribed rehabilitation program and an estimated recovery period, as well as the practitioner's opinion regarding whether it is more likely than not that the athlete will return to their normal state of health and 2024-25 season level of performance prior to the commencement of the athlete's first competition at the OWG.
  - ii. The coaching staff's written recommendation regarding whether the athlete is unable to continue to compete during the 2025-26 season due to their injury or illness in order to allow them to recover from their injury or illness prior to the commencement of their first competition at the OWG;
  - iii. The athlete's written agreement that, for the period of time during which they are unable to fulfil their training and competition commitments, they will train and/or rehabilitate under the supervision of Ski Jumping Canada coaches and Internal Support Team (IST) at a level which minimises risk to the athlete's health, and ensures optimum return to full training and competition at the earliest possible date; and
  - iv. The athlete's written confirmation of their intention to return to full high-performance training and competition at the earliest date possible following the illness or injury.
- b. In order to approve a request under this Section 6, the HPC may consult with a medical health practitioner approved by Ski Jumping Canada to validate the athlete's diagnosis and recovery plan.
- c. When determining whether an athlete may be nominated pursuant to this Section 6, Ski Jumping reserves the right to require that the athlete submit to a competitive readiness test as described below, the results of which will be kept confidential between the athlete, their coach and any relevant medical practitioner(s).
  - i. "Competitive readiness" is defined as the ability of the athlete to achieve equal or superior performance(s) onsite at the scheduled event, as compared to the performance(s) the athlete achieved in qualifying for the Team.
  - ii. The competitive readiness test will consist of a controlled performance such as a competition, simulated competition or observed test or trial. The athlete will be given reasonable notice of the date of the test or trial, taking into account the circumstances of the athlete's illness or injury. Tests may also include, but are not

limited to physiotherapy assessment, medical assessment/clearance and competition or simulated competition results to confirm health and readiness to compete at Olympic level.

- iii. The objective of a competitive readiness test shall be to determine whether it is more likely than not that the athlete will be ready to return to competition for the OWG at their normal state of health and at the level of performance that would have otherwise justified their nomination to the Team.
- iv. If an athlete is required to undergo a competitive readiness test as described above, the athlete may not be nominated to the Team until they have undergone the test and the Head Coach is satisfied that the athlete will return to their normal state of health and at the level of performance that would have otherwise justified their nomination to the Team.
- d. If the athlete satisfies all of the requirements described in this Section 6, including, if requested, a satisfactory competitive readiness test, they may be nominated to the Team under Priority 2.
- e. The final decision to nominate an athlete to the COC for selection to the Team under Priority 2 shall be made by Ski Jumping Canada's High-Performance Committee in consultation with the Head Coach, and the Chair/Co-Chair of Ski Jumping Canada.

## 7. Competitive Readiness, Illness, or Injury – Nominated Athletes

### 1. Competitive Readiness

All selected Team members, following approval of nominations by the COC, will need to demonstrate competitive readiness up to and including during the 2026 Milano Cortina Olympic Winter Games.

- a. "Competitive readiness" is defined as the ability of the athlete to achieve equal or superior performance(s) onsite at the scheduled event, as compared to the performance(s) the athlete achieved in qualifying for the Team.
- b. The final decision on competitive readiness will be made by the HPC using all available information at their disposal, the suitability of the training and competition plan, fitness and other competitive readiness indicators, submitted medical documentation,

consultation with the athlete's coach, and any other relevant performance related information.

- c. Athletes must participate in any Ski Jumping Canada designated camps related to this event. Failure to comply may lead to removal from the Team.
- d. It is understood that all athletes selected to the Team will prepare in a manner to be at peak fitness for the Games. Ski Jumping Canada will provide a preparation environment to ensure peak performance for its athletes but accepts that some athletes may choose to conduct some or all of their preparation outside the Ski Jumping Canada program.
- e. Ski Jumping Canada reserves the right to perform testing, as recommended by IST and medical professionals, on athletes nominated to the Team to assess their fitness.
- f. Ski Jumping Canada also reserves the right to remove an athlete from the Team in case of injury or inability to perform at the required and communicated level, and to replace that athlete with a nominated reserve athlete or to not replace that athlete at all.

## 2. Injuries or Illness

If an athlete nominated to the Team becomes injured or ill, they will complete an injury/health status assessment by a Ski Jumping Canada approved physician. Following this assessment, the HPC shall decide if the athlete will be sufficiently recovered to maintain their nomination to the Team prior to the COC nomination deadline/team selection date.

- a. Athletes are required to immediately report to the HPC any injury, illness, or change in training that could affect their ability to compete at the level that secured their nomination to the Team at the OWG.
- b. Injuries or illnesses that occur after the nomination deadline will be dealt with in the same manner, modified accordingly for the circumstances.
- c. If an athlete is injured during the OWG, a decision regarding their continued participation will be made by the Head Coach, in consultation with the COC Chief Medical Officer, Ski Jumping Canada Team Leader and the IST member responsible for the sport,

and the athlete, and shall be governed by the terms of the Team Canada Athlete Agreement.

- d. Once selected, athletes whose competitive readiness is detrimentally impacted as a result of their health status, lack of fitness, or capacity to train and/or perform may be removed from the team at any time. Following nomination to the COC, any such removals are subject to the approval of the COC Team Selection Committee.
- e. In the case of injury or illness, the HPC will consider medical recommendations in making a final decision. Injured or ill athletes may be subject to a competitive readiness test to be determined by the Head Coach. This test will consist of a controlled performance such as a competition or observed test or trial. These athletes may not travel with the team to the OWG until this requirement has been satisfied. If it is determined that the athlete is not competition ready once onsite at the OWG, or has not disclosed an injury or illness, they may be removed from the Team.

## 8. Removal of an Athlete from the Team

- a. The HPC, in consultation with the Head Coach may, at any time, and at their discretion, remove an athlete from the Team if, after following a disciplinary process, the athlete has been found to have violated any relevant and applicable Code of Conduct, Ski Jumping Canada rule, regulation or policy, the Universal Code of Conduct to Prevent and Address Maltreatment in Sport (UCCMS) or the rules, regulation or policy of any sport organization that has authority over the athlete. Ski Jumping Canada will advise the affected athlete, in writing, of their decision to remove them from the Team.
- b. As applicable, an athlete may not be nominated or will be removed from the Team if already selected if, they have been subject to a period of ineligibility or a provisional suspension by any anti-doping organisation with authority over the athlete and the period of ineligibility or provisional suspension will be in force during the Qualification Period or the OWG.
- c. The HPC will have the final authority to withdraw an athlete's nomination to the Team or remove any athlete from the athlete pool and/or Team. Reasons for removal may include, but are not limited to:

- i. Inability to maintain high training standards as communicated by the Head Coach;
  - ii. Inability to meet performance expectations in competition as communicated by the Head Coach;
  - iii. Inability to meet 'competitive readiness' as defined in Section 7;
  - iv. Failure to partake in mandatory training as communicated by Head Coach;
  - v. Detrimental conduct to the Team and/or the image of Ski Jumping Canada or the national team program;
  - vi. Failure to adhere to the anti-doping rules or requirements of any anti-doping organisation with authority over the athlete.
- d. Following nomination to the COC, any such removals are subject to the approval of the COC Team Selection Committee.

## 9. Confirmation of Entries

1. Nominations will be submitted to the COC at the end of the Qualification Period. The deadline for nominations to the COC is January 21, 2026.
2. The COC will approve and announce the final Olympic Team selections in January 2026.

## 10. Amendments and Unforeseen Circumstances

1. Situations may arise where unforeseen circumstances or circumstances beyond Ski Jumping Canada's control do not allow competition or nomination to take place in a fair manner or in the best interests of the priorities and general principles for selection as indicated in this INP, or do not allow the procedure for nomination as described in this document to be applied. In the event of such unforeseen circumstances, the HPC will, where possible, consult with the National Team Coaches to determine if the circumstances justify that competition or nomination take place in an alternative manner. In such circumstances, the HPC shall communicate the alternative selection or nomination process to all impacted individuals as soon as possible.
2. Should any event during the Qualification Period specified in this INP be cancelled, postponed, rescheduled or replaced, Ski Jumping Canada shall update the nomination procedures indicated in this INP, as applicable, as soon as reasonably possible and shall communicate any modifications to all

impacted individuals, as well as publish the modified INP on its website, prior to the postponed, rescheduled or replacement event.

3. Decisions made pursuant to this clause shall not be subject to appeal and do not apply to the cancellation of events that are conducted under the authority of organisations other than Ski Jumping Canada.
4. When making decisions regarding Ski Jumping Canada's travel to and participation in events for safety reasons, Ski Jumping Canada will endeavour to minimise any impact of such decisions on Olympic qualification, obtaining Olympic quota spots and domestic nomination to the Team. However, depending on the circumstances, athlete, athlete entourage and staff safety may be prioritised based on the advice of medical and public health safety experts.

## 11. Appeals

1. Athletes wishing to appeal decisions regarding team selection must follow the [Ski Jumping Canada Appeal Policy](#). The external nomination and selection timelines set by the FIS, IOC and COC are very short and therefore appeals must be filed no later than 11:59 pm MST on January 26, 2026.
2. If both parties agree, the Ski Jumping Canada Appeal Policy can be bypassed and the matter can be brought immediately before the Sport Dispute Resolution Centre of Canada (SDRCC) who will then manage the appeals process.

## 12. INP Publication

1. Ski Jumping Canada's INP for the 2026 OWG will be published prior to July 1, 2024. The INP will be published according to Ski Jumping Canada's Selection Criteria Nomination and Announcement Policy.
2. All Subsequent amendments to the approved INP will be circulated to all 2024-2025 National Team athletes and coaches and posted on Ski Jumping Canada's website.

## 13. Staff Selection

1. Nominated team leaders must satisfy the expectations and requirements of the Canadian Olympic Committee’s Team Leader Position Description.
  2. The HPC has the discretion in selecting the support staff, including team leader, coach(es) for the Team. The support staff will be selected based on the principle of sending a team of specialists that is best capable of assisting athletes in achieving podium performances at the OWG. All selections are subject to COC and Ski Jumping Canada Chair approval.
  3. Once appointed, the Head Coach of the Team will be responsible for selecting the Team’s coaching staff and non-technical staff which may include: Assistant Coaches, Manager, Therapist, Doctor, IT Specialist, etc. Selection of staff does not guarantee accreditation at the games. Such selections are subject to the approval of the COC and Ski Jumping Canada Chair approval.
- Coach Selection
    - Member in good standing of *Ski Jumping Canada*;
    - Be in good standing with the Professional Coaching Program of the Coaching Association of Canada or equivalent;
    - Have a valid passport that does not expire on or before August 22, 2026;
    - Sign, submit, and comply with the COC Support Team Agreement and Organising Committee (OCOG) Conditions of Participation form no later than January 17th, 2026;
    - Where applicable, comply with the vaccination policies and vaccination requirements of the NSO, COC, FIS, and the IOC and the host country of the event.

## 14. Timeline Summary

Date	Event
July 1, 2024 - Jan 18, 2026	Qualification Period
July 1, 2024	INP Published/Circulated
June 19, 2025	NSO Long List Deadline (TLs to submit)
July 8, 2025	Games Portal launch to Long List
August 21, 2025	Accreditation Deadline
January 15, 2026	Registration requirements due date

January 19-20, 2026	HPC review of eligibility of all nominated athletes
Jan 19, 2026	Publication of Olympic Quota Allocation List and Inter-Continental Cup Olympic List by FIS. FIS informs Canadian Olympic Committee's (NSO) and Ski Jumping Canada of their allocated quota places through publication on the FIS website and provides the login details to access the FIS online system for confirmation of quota places.
January 20, 2026	HPC approval and ratification of nominated athletes
January 20, 2026	HPC Notification to all nominated athletes
Jan 20, 2026	The Canadian Olympic Committee (COC) to confirm to the FIS the use of the allocated quota places.
January 21, 2026	Deadline for Ski Jumping Canada to submit nominations to COC, COC Team Nomination Deadline
January 24, 2026	Deadline for filing an Appeal
January 24 - 26, 2026	Substitution pending COC Team selection Committee
January 25, 2026	Team Selection Committee expected approval of approval of Ski Jumping Canada nominations
After January 25, 2026	COC announcement of Canadian 2026 OWG Ski Jumping Team
<b>TBD</b>	Ski Jumping Canada 2026 OWG Team Nomination Synopsis and Rationale published to website.
Jan 26, 2026	Milano Cortina 2026 Sport Entries deadline
January 26, 2026	Entry by Name Deadline
Feb 6-22, 2026,	2026 Olympic Winter Games Milano Cortina

## 15. Funding Support

1. Funding support for selected athletes and staff will be in alignment with COC Olympic Team Size Policy and dependent on Ski Jumping Canada available resources. Ski Jumping Canada procedures state that athletes are responsible for funding of their travel fees. Some financial assistance may be available from the COC for travel to the Olympics.
